TRANSURBAN ASSEMBLY ON SOLIDARY CITIES

More and more cities are opposing the restrictive and inhumane migration policies of nation states. Whether in New York, Barcelona, Berlin or Palermo, in Zürich, Bern, Genf or La Chaux-de-Fonds: The movement for Solidary Cities demonstrates how communal life in cities can be democratised and diversity recognised as a social reality. With solidary politics – e.g. by implementing a City Card – all city residents shall be granted equal access to municipal services and resources (e.g. education, health care, housing) without fear and regardless of their nationality, residence status, social class or gender.

How do we create a city, in which all people can live and participate equally and at eye level, a city that everybody can help shape – without exclusion or discrimination? At the City Forum in Heitere Fahne, we want to exchange ideas between movements in different cities, to get inspired by and to learn from each other. With contributions from Berlin, Paris 20ème and New York and activists from Geneva to St. Gallen.

When: Saturday, November 27th, 2 pm to 6 pm
Dinner afterwards and concert Siselabonga (CH/SEN) at 8 pm

Where: Heitere Fahne, Dorfstrasse 22/24, 3084 Wabern bei Bern
